

WE SHALL CRY

(George Djilaynga/Neil Murray/Sammy Butcher)

We have travelled to so many places
Heard many sad stories of our people's struggle
As we try to keep our land, our culture and our children
So will you stand beside me now
Hold me tight and take this weight
And we shall cry for our land
And we shall cry for our land

I believe the time will come when everyone will join in
And understand our way of life
And how we care for this land
And we shall cry for our land
And we shall cry for our land
And we shall cry for our land

So will you stand beside me now
Hold me tight and take this weight
And we shall cry for our land
And we shall cry for our land
Help me
And we shall cry for our land
