

# YOUNG BLOOD

(Yirmal/Neil Murray)

Everybody needs some inspiration  
I'm just starting out not sure of my destination  
I look up to my elders and I ask them the question

Uncle Archie spoke to me  
Said you just stay strong and keen  
And he called me  
Young Blood  
Young Blood  
(you gotta keep the culture)  
Young Blood  
Young Blood  
You gotta carry the torch for us

Now I'm walking along thinking of all I gotta do  
I see the future laid out before me, way into the blue  
Sometimes the road is so dark I'm not sure I'll make it through

Uncle Archie spoke to me  
Said, you just stay strong and keen  
And he called me

Young Blood  
Young Blood  
(you gotta keep the culture)  
Young Blood  
Young Blood  
You gotta carry the torch for us

(Instrumental)

Uncle Archie spoke to me  
Said, you just stay strong and keen  
And he called me

Young Blood  
Young Blood  
(you gotta keep the culture)  
Young Blood  
Young Blood  
You gotta carry the torch for us
